

Task 3

SB

Instructions: Use the Edit Checklist to help you identify and correct the errors in the following witness account concerning a fire.

STATEMENT OF
2 LT CULLEN

25 Feb

On the evening of 4 Jan I arrived in my family at approximately 2200 HRS and around 2230 HRS I met OCDT Richards who had just returned from Kingston where he had been for the weekend and we talked for about 10 minutes before we both went to bed but I was awakened at approximately 2H30 5 Jan by the smoke detector in my room so I got out of bed opened the door to the hallway where there was quite a lot of smoke and everyone else in the family had gone out into the hallway where 2LT Carter told us that his shirt had caught fire and someone had called the MPs so we all has to explain to the MPs who had happened before we can get back to sleep.
