Written preparation

Course name: Leadership II
Instructor: PhDr. Ing. Vratislav Pokorný
Prepared by: PhDr. Ing. Vratislav Pokorný

Topic: Models of problem-solving, decision-making, acting and directing persons and teams in demanding conditions.

Educational goal:

Model tasks as part of course, in which the student applies his knowledge in the process of solving tasks, applies and generates adequate models of learning, decision-making and acting in fluid task situations; directs oneself and supports team cooperation in micro-team while solving tasks in standard, demanding and fluid conditions. Works with reflection and uses debriefing in micro-team following load and extraordinary situations.

Contents:

1. Model tasks as part of X-Stream course aimed at decision-making and acting – both individual and in groups.

Individual assignments:
